5. ☐ Notice of Informal Patent Application (PTO-152)
6. ☐ Interview Summary (PTO-413),
Paper No./Mail Date _____.
7. ☐ Examiner's Amendment/Comment
8. ☒ Examiner's Statement of Reasons for Allowance
9. ☐ Other _____.

1. The following is an examiner's statement of reasons for allowance. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. The art does not teach or suggest a wafer inspection system comprising the combination of a first image acquisition unit and a second image acquisition unit which is rotated about a peripheral portion of the wafer being inspected to acquire images of the upper, side, and lower surfaces of the peripheral portion of the wafer, with an image processing means which receives the four images¹.

3. Young et al (US 2005/0023491) and Sim (US 6,947,588) show inspection systems for wafers.

See figure 7 of Young et al; the specification of Young mentions that the image capturing device (134) "may be moved relative to the edge 158 along the arrow A to any angle at which a desired portion of the edge 158 is to be scanned". This does not disclose the specific acquisition of the second, third and fourth imaged of the instant claims, of the image processing as claimed in the instant claims.

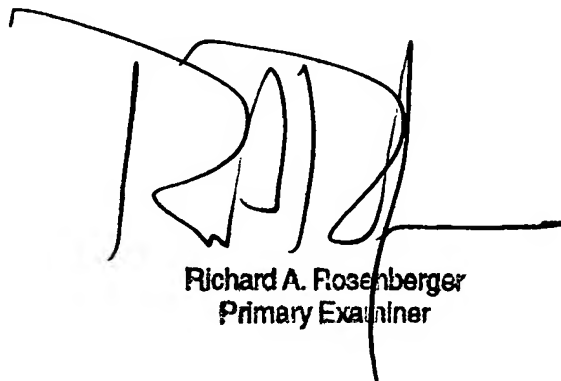

Sim shows, in figures 1, 2 and 3, obtaining images of the peripheral portion of a wafer, but does not teach rotating a single second image acquisition unit around the edge to obtain the three claimed images.

It is noted that both Young et al has a filing date prior to the filing date of this application, but after the claimed foreign priority date, and Sim, with a filing date after the filing date of this application, relies on a provisional application which was filed prior to the filing date of this application, but after the claimed foreign priority date of this application. However, it does not appear that a certified translation of the priority document has been filed.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Richard A Rosenberger whose telephone number is (571) 272-2428. The examiner can normally be reached on Monday through Friday during the hours of 8:00-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Gregory J. Toatley, Jr. can be reached on (571) 272-2800 ext. 77.
